NOTICE: Before a permit will be issued and construction allowed to proceed, the person filling out the application must submit THREE (3) sets of plans to the City Building Department for plan check. All plans for commercial buildings and multiple housing units MUST be stamped by a professional architect and/or engineer.

I hereby certify that the above information is correct. I also certify that all contractors performing work on this project will be licensed and registered as required by law:

Owner/ Owner Rep: _____ Date: _____

Contact Name: _____ Contact Phone: _____ Email: _____

Please Note: Contractors and Subcontractors need itinerant vendor licenses as per the municipal code. A **STOP WORK ORDER** may be issued if required licenses and permits are not obtained. The City of George audits all building permit applications for taxes paid. **The City of George's tax identification number is 1304.**

*Please verify that your contractors have a current City of George Business License

The applicant, his agents, and employees shall comply with all the rules, restrictions, and requirements of the Municipality and Building codes governing location, construction, and erection of the above proposed work for which the permit is granted.

The Municipality or its agents are authorized to order the immediate cessation of construction at any time that a violation of the codes or regulations appears to have occurred. Violation of any of the applicable codes or regulations may result in the revocation of this permit.

Buildings **MUST** conform with plans as submitted to the Municipality. Any changes of plans or layout must be approved prior to the changes being made. Any change in the use or occupancy of the building or structure must be approved prior to proceeding with construction.

The applicant is required to call for inspections at various stages of the construction, and the applicant shall give the building inspector not less than one day's prior notice to perform such activities.

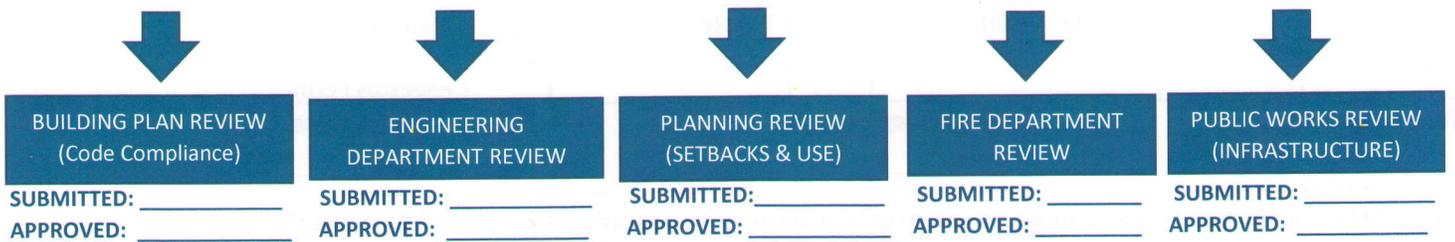

The permit is automatically void in the event construction is not commenced within 180 days of issuance of this permit. Cessation of work for a period of 180 continuous days shall also cause this permit to be void. Permits are not transferable.
